## Revelo Amends Letter of Intent for its Montezuma Project with BMR Group PLC and Modifies Term Oil Loan

**Vancouver – October 03, 2019** – Revelo Resources Corp. (“Revelo” or the “Company”) (TSX-V: RVL) announces an amendment to the Letter of Intent (“LOI”) signed with BMR Group PLC (“BMR” – see news release dated July 29, 2019) in relation to Revelo’s Montezuma copper project in northern Chile. Under the terms of the original LOI, Revelo gave BMR the option to earn an 80% interest in the Montezuma project in exchange for certain exploration investments into the project. Additionally, Revelo would be issued with new shares for a 19.9% equity interest in BMR, have a 20% free-carried interest at the project level until completion of a preliminary economic assessment, and would operate the exploration program at Montezuma on behalf of BMR. As a result of discussions with BMR, key aspects of the LOI are amended as summarised in the following table:

Option Period	54 months	No change
BMR Option to Acquire	80%	<u>70%</u>

Other Terms	Other terms	No change

Most importantly, the changes include an improved 30% free-carried interest at the project level for Revelo until completion of a preliminary economic assessment, and an accelerated schedule for the minimum investment. The changes have been negotiated as a result of certain structural changes at BMR, together with the likely longer time period required for BMR to complete its stock-market listing and private placement financing.

Montezuma is strategically located in northern Chile between the giant Chuquicamata and Centinela porphyry copper mining districts. Previous exploration at Montezuma has defined a series of highly attractive porphyry copper targets within the 16,000 hectares property.
